

You can still join in the fun **this coming Monday (tomorrow!)** at the joint 41 Club and Tangent party being held on Zoom at 7.30pm. Arthur has sent the Zoom link to your mailbox!

And then there is the Zoom get together on **New Years Eve** from 11pm onwards. Join together to welcome in the New Year (probably the most welcomed ever?) Stay on Zoom as long or as little as you wish.

**Round Table** achieves yet another milestone with a hugely successful return of Santa cruising the streets of Ringwood and Verwood. After just four days they have already collected well over 2000kg of food for the Ringwood FoodBank and the feedback from residents has been incredible. These boys are doing the RT movement proud. **Well done guys!**

I am reminded of the occasion when my old RT (Ruislip) decided that instead of a having a plywood cut-out reindeer pulling the sleigh, we would have a real horse. Great idea! The horse was safely installed in a field at a member's dairy farm and we would merely drop by the farm, attach him to the sleigh and off we'd go.

All was fine until we had a foggy evening! You try finding a horse in a two acre field on a dark foggy night. It took around ten members to join hands and systematically sweep across the field shouting for 'Rudolf' before we set off about an hour late! We reverted to the plywood reindeer the following year!

### A Seasonal Quiz (answers next month!)

1. How many points does a snowflake traditionally have?
